Fortinet Replacement Unit Agreement

The Distributor RMA program was created to provide a rapid RMA solution in Indonesia. This program provides your company the best, fastest, and most reliable way for customers to exchange units using the RMA (Return Merchandise Authorization).

Service Level Agreement

- For first layer of support, Customer can contact their Fortinet Reseller.
- Fortinet Reseller will check the unit to confirm if the hardware is failure, if there is hardware failure the reseller will advise you
- This program is require Approval by TAC Fortinet (RMA's Ticket).
- This program is not valid for software/firmware error or upgrade.
- This program is not for any change configuration, only backup and resotre
- This program is cover 8x5 for support by phone/email/remote, and Next Business Day for backup or replacement unit (DRMA).

Hardware Warranty

- This RMA Program is only valid when you have purchased FortiCare. If a product is out-of-warranty, Fortinet requires that the customer purchases a FortiCare support contract before processing the RMA request
- This RMA Support validity will be refer to Forticare support validity
- The Distributor may be authorized to provide hardware troubleshooting in some circumstances
